4	1	Expand the Libraries & Archives Building	\$8,055,000
		This project requests the construction of a 16,000 gross square foot, high density addition to the Kentucky Department for Libraries and Archives' (KDLA) main building in Frankfort. The addition would provide critically needed space for housing Kentucky's permanently valuable records generated by state and local government agencies during the normal course of business. KDLA is mandated under KRS 171.500 to serve as the Commonwealth's central repository of public records, but is unable to meet this responsibility with its existing facility.
